Promenade PUERTO BANUS & MARBELLA (1/2 Day)

I propose a walk that is also a walk at sea.

From the apartment, take the road to PUERTO BANUS located 25Km from 'LAS OLAS' and about 30 minutes. Point of arrival: 'The Statue of Victory' which marks the entrance to the port remarkably.

With a little luck, you will find a parking space in the United Nations Avenue.

Little advice... At the apartment download the application 'EASYPARK' on your mobile. This application will save you a lot of setbacks in paid parking areas all over Spain. When parking, check on the app that you are in an 'EASYPARK' area, enter your predictable parking time... That's all.... No ticket, no passage to the terminal and ... no PV. If you exceed your estimated time, simply add time to your app. Conversely, if you have not exhausted the scheduled time, you can reduce it on the app. You therefore pay according to usage. Very convenient!

In general, paid car parks (aerial or underground) are priced per minute of parking. However, the rates are generally very cheap.

Puerto BANUS, the Saint TROPEZ de la COSTA DEL SOL, 'The place to be', for those who want to be seen. Concentration of LAMBORGHINI, FERRARI, PORSCHE, ROLLS... in short for those who love beautiful bodies, there is something for everyone.

In general, there is everything that you will probably never be able to afford.

The port is however quite charming, very lively and very clean. It is an essential passage for the rest of your walk. Indeed, at the end of this port you will board the Catamaran boat 'FLY BLUE' which will bring you by sea to the port of Marbella in about 30 minutes.

The children will enjoy crossing on the front net, until the first waves remind them the water of the Mediterranean is not always very hot...

The crossing is done safely and costs about 9€ per passenger.

A departure is scheduled every hour. Go to the FLY BLUE website to check the departure times and *possibly* book the ride.

This crossing is very pleasant and will allow you to discover, from the sea, the whole coast between the ports.

You arrive on the port of MARBELLA, former capital of the holidaymakers of the COSTA DEL SOL of the 70'..

Although very rich, we will see that the city has lost its splendor, the painted concrete buildings are a little faded and their architecture a little ... Exceeded.

It is now time to walk a little and return to our footsteps, PUERTO BANUS, by a very well landscaped pedestrian path on the 7km that you will now have to travel in about 1H30.

Do not worry, you will not be able to die of hunger or thirst... all your way is punctuated by chiringuito, bars, restaurants ... over 4km.

The path, which is an integral part of the '**SENDA LITORAL**' is very pleasant and very vegetated.

Avoid taking this walk at the hottest hours of the day. In the afternoon, the sun will be in the West and therefore in front of you during this long walk. Don't forget the sunscreens, it hits!

My advice:

1. Leave the apartment ‘LAS OLAS’ around 15:00
2. Arrival PUERTO BANUS around 15:30... parking and arrival at the port 15:45
3. Take the Catamaran 'FLY BLUE' 17:00, which gives you some time to discover PUERTO BANUS
4. Arrival port of MARBELLA 17:30.
5. Return PUERTO BANUS 19:00 or more if affinities.
6. Then you can, if you wish, end the evening on the port before returning to the apartment a little tired of walking but so happy with this day.
